DETAILED ACTION

Claims 1-5 and 7-21 are pending in the instant application.

The following rejections are reiterated and constitute the complete set of rejections being applied to the instant application. Rejections and objections not reiterated from the previous office action are hereby withdrawn.

Continued Prosecution Application

The request filed on June 29, 2001 (Paper No. 16) for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/040,518 is acceptable and a CPA has been established. An action on the CPA follows.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim 2 stands rejected under 35 U.S.C. 101, for reasons of record advanced on pages 2-3 of the Office Action of Paper No. 11 (mailed 4/12/00) and on pages 2-3 of the Office Action of Paper No. 14 (mailed 1/4/01), because the claimed invention lacks patentable utility.

Art Unit: 1632

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 2 stands rejected under 35 U.S.C. 112, first paragraph, for reasons of record advanced on page 3 of the Office Action of Paper No. 11 (mailed 4/12/00) and on page 3 of the Office Action of Paper No. 14 (mailed 1/4/01).

Claims 1 and 3-21 stand rejected under 35 U.S.C. 112, first paragraph, for reasons of record advanced on pages 4-7 of the Office Action of Paper No. 11 (mailed 4/12/00) and on pages 3-6 of the Office Action of Paper No. 14 (mailed 1/4/01), as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Claims 2-6 stand rejected under 35 U.S.C. 112, first paragraph, for reasons of record advanced on pages 7-8 of the Office Action of Paper No. 11 (mailed 4/12/01) and on pages 6-7 of the Office Action of Paper No. 14 (mailed 1/4/01), as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the art that the inventors, at the time the application was filed, had possession of the claimed invention.

Art Unit: 1632

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5 and 13 stand rejected under 35 U.S.C. 112, second paragraph, for reasons of record advanced on page 7 of the Office Action of Paper No. 14 (mailed 1/4/01), as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Conclusion

No claim is allowed.

All claims are drawn to the same invention claimed in the parent application prior to the filing of this Continued Prosecution Application under 37 CFR 1.53(d) and could have been finally rejected on the grounds and art of record in the next Office action. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing under 37 CFR 1.53(d). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
